## **DIRECTORS' REPORT**

The Directors of Oncology Research International Limited present their Report together with the financial statements of the consolidated entity, being Oncology Research International Limited ('the Company') and its controlled entity ('the Group') for the year ended 30 June 2021 and the Independent Auditor's Report thereon.

## DIRECTORS

The names of each person who has been a Director during the year and to the date of this report are:

**PROFESSOR JOHN GORDON MCVIE** - MD, FRCP, FRCPS, FRCSE, FMedSci, DSc (Hon) (Deceased 20 January 2021) Professor McVie was a Non-executive Director, Chairman of the Board of Oncology Research International Limited and Chairman of ORIL's Scientific Advisory Committee. Professor McVie was formerly Director General of the Cancer Research Campaign in the UK before it merged with the Imperial Cancer Research Foundation to form Cancer Research UK, when he became co-Director General. Professor McVie was a leading world authority in the research and treatment of cancer. Prior to his passing he was Senior Consultant at the Scientific Directorate within the European Institute of Oncology, Milan, an active clinical oncologist, lead editor of several prestigious oncology journals and advisor to the World Health Organisation.

# DR PHILIP ANDREW MARSHALL - BSc (Hons), PhD, FRACI, CChem MAICD

Dr Marshall is an Executive Director and Chief Executive Officer and manages the corporate aspects of the Company, as well as overseeing the scientific and research programs. Dr Marshall has over 30 years' international experience at senior and executive management level in scientific affairs within the pharmaceutical industry. He has considerable experience in bringing pharmaceutical products from concept to commercialization, risk management, international regulatory affairs and compliance to best practice, and in patents. Dr Marshall is a member of the Australian Institute of Company Directors.

## DR KENNETH MICHAEL WAYTE - DC

Dr Wayte is an Executive Director, holds a Doctor of Chiropractic and served as secretary of the Australian Chiropractors Association, Western Australia from 1977 to 1980. He was diagnosed with bowel cancer in 1986 and after following a demanding and restrictive vegetarian diet with specific plant-based treatments he recovered. As a result, he founded ORIL in 1993 with the objective of researching plant-based therapies for cancer.

**HELENA JULIANNA WAYTE** - BA, Grad Dip Human Resources Management (Appointed 17 February 2021) Mrs Wayte obtained her Bachelor of Arts degree psychology major in 1969 from the University of Toronto. She also holds a Graduate Diploma in Human Resources Management from Edith Cowan University in Perth. She has extensive experience in management and training with major telecommunications companies and in management and operation of successful health care clinics in Canada and Australia. Mrs Wayte's appointment in February 2021 followed the passing of Professor McVie.

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

## **COMPANY SECRETARY**

Dr Kenneth Michael Wayte held the position of Company Secretary at the end of the financial year.

# **PRINCIPAL ACTIVITIES**

The principal activity of the Group during the financial year is medical research. There have been no significant changes in the nature of these activities during the financial year.

## **OPERATING RESULTS**

The consolidated operating loss of the Group after providing for income tax for the financial year amounted to \$50,683 (30 June 2020: Loss \$99,448).

## DIVIDENDS PAID OR RECOMMENDED

No dividends were paid or declared since the start of the financial year. No recommendation for payment of dividends has been made.

## DIRECTORS' REPORT

#### **REVIEW OF OPERATIONS**

#### SUMMARY

This Report covers the major activities of the company from July 2020 to June 2021: Science & Technology, Operations, Corporate and Finance Strategy and the next few months.

With very limited financial resources over the last 12 months the company continued to explore a number of potential capital-raising opportunities. Like all industries across the world, the already challenging pursuit for investment funds has been further exacerbated by the Covid-19 pandemic.

Our executive team has continued without remuneration while those fund-raising efforts continue. The company cannot continue its technology research and development without adequate funding and securing funding remains the key priority of our company.

Subject to funding the R&D strategy will continue to focus on the development of its novel first-in-class compounds such as ORIL019 for therapeutic use in oncology and the Board will keep shareholders updated on fund raising efforts.

#### **ORIL SCIENCE and TECHNOLOGY**

ORIL successfully designed, synthesised, tested and patented a series of new molecules that have the potential treat multiple cancers and fulfil unmet needs associated with current therapies. For example:

- enhance the action of the new immuno-oncology therapies, (those which stimulate the body's own immune system to fight invading cancer cells), such as the blockbuster "anti-PD-1 inhibitors" currently in the market. There are, however, limitations of these anti-PD1-inhibitors and it is widely recognised to work best they should be used in combination with another oncology drug.
- enhance the action of conventional oncology agents and opportunities are also being pursued in this area.

Following PCT submission the highly prized "Composition of Matter" Patent application entered National Phase Entry In August 2019 and is pending examination in the various jurisdictions.

#### Importantly the patent was granted in the USA in February 2021.

#### NEXT STEPS IN DEVELOPMENT

ORIL is closer to the clinical phase studies than is perhaps apparent, having already done the hard work in the discovery phase.

Subject to funding it is planned to complete the necessary pre-clinical studies for ORIL019 to be IND/ clinic-ready for firstin-human/Phase I/IB studies. Further information regarding the pharmacokinetics (PK), pharmacodynamics (PD) and biodistribution (BD) is required to further optimize the starting dose level.

Esthen falls into three key areas to reach "IND-ready" status:

- 1) PK/ADME (oral and i.v.). Establish the metabolic relationship between ORIL019 and ORIL007 noting the best results were obtained when ORIL019 was administered orally.
- 2) Safety and toxicology.
- 3) PK/PD & pharmacology to establish starting dose for Phase I.

#### **DIRECTORS' REPORT**

#### **REVIEW OF OPERATIONS (continued)**

#### **OPERATIONS**

The Board of Directors resolved in June 2016 to operate at no fees for the 2016-17 financial year and until ORIL has sufficient funds. This has continued for the 2020-2021 financial year. Since July 1st, 2016 the executive team continue the company activities at substantially reduced fees in order to maximize the company's opportunities

The company requires AUD 2.0 million in immediate funding for its ongoing operations while it seeks further investment. This will enable ORIL to build value of its assets through further development of the technology and progress the lead candidate ORIL019 towards the clinic.

## **CORPORATE AND FINANCE STRATEGY**

ORIL is an Australia public, unlisted company with over 520 shareholders and approximately 45.5 million ordinary shares on issue.

It is the intention of the company to fully explore and develop its assets to their full potential. Valuation of intangible assets is complex and actual valuations would depend on a number of factors including size of pipeline (single vs multiple assets), time of exit, type of exit, market conditions, deal structure etc.

However, some trends and estimates can be determined from historic deal data. While the Covid-19 pandemic has changed the market dynamics, most deals are done at the pre-clinical or clinical Phase I stage and small molecules still attract most deals in oncology, albeit the market is fiercely competitive. ORIL019 is a small molecule at the pre-clinical stage having developed a drug with good proof-of-concept data.

To maximise the value of the company and a future return to shareholders the company is considering all options, including:

- licensing and partnering with mid and big pharma companies:
  - Individual indications
  - Individual geographies
- trade sale by way of trade of assets or shares in ORIL.
- merger and acquisition

Regulatory strategy and thus time to market would be influenced by (i) success in the early clinical trials and (ii) dialogue with the various regulatory agencies regarding eligibility for "fast-track" to approval.

The company is seeking a capital investment of AUD 5.0 million to complete the pre-clinical and regulatory program necessary for ethics submission for its lead candidate ORIL019, and to be clinic-ready, to be ready to commence first-in-human clinical studies (Phase I/IB studies) in 18 months. A detailed budget has been prepared for the deployment of funds.

The Phase I/IB studies require a further AUD 5.0 million and will take around 12 months to complete. Phase II studies require a further AUD 10 million and are expected to take an additional 18 months to complete.

At June 30th 2021 the company was in confidential discussion with a major ASX listed pharma company for potential collaborative research.

ORIL continues to vigorously pursue other opportunities in Australia and internationally through its agents and network.

#### **DIRECTORS' REPORT**

#### **REVIEW OF OPERATIONS (continued)**

#### THE NEXT FEW MONTHS......

Ongoing operations are entirely dependent on additional funding. All possible strategies for fund raising opportunity continue to be thoroughly explored both domestically and internationally by the ORIL executive group. Subject to funding the R&D efforts will continue through 2021 to concentrate on the development of the new compounds such as ORIL019 in oncology.

The Directors are hopeful of attracting investment interest but there is no guarantee, and the Directors make no forecast. The company's efforts over the past 36 months, through several international funding sources such as venture capital, investment groups, licence or partnering have not yet been successful.

As with other industries and companies, ORIL's efforts have been made more difficult by the ongoing Covid-19 pandemic as pharma companies focus their research efforts on the development of effective vaccines and treatments. Over recent months there is evidence that efforts are returning to other important therapeutic areas including oncology.

Following the AGM in November 2020, and periodically during 2021 the Board considered the company's future. In view of the positive feedback on the science and technology and encouraging investment leads, the Board has decided to continue operating at the minimum level, at least until the outcome of the more promising investment opportunities becomes clear. The company continues to monitor the company's financial situation closely and will keep shareholders updated.

#### **PROFESSOR GORDON MCVIE**

In February 2021 it was with enormous sadness that the company advised the death of our Chairman, Professor John Gordon McVie BSc (Hons), MBChB, M.D., FRCP, FRCPE, FRCPSGlas, FMedSci, DSc on 22nd January 2021. Gordon was a well-recognized and endeared figure in the world of cancer research and care.

In addition to being Chairman of ORIL he was a visiting professor, King's College London, UK, Senior Clinical Research Consultant at the Italian Institute for Molecular Oncology (IFOM) Milan, and Non-Executive Director at Ellipses Pharma Ltd, UK and Chair of the European Alliance for Personalized Medicine.

After 40 years of clinical research, over 350 publications and positions with some of the leading global cancer organizations, he leaves a significant impact on the world making it a better place.

His significant achievements in the world of cancer are only surpassed by his kindness, enthusiasm and his love for family and friends. A truly brilliant man.

While ORIL makes the necessary arrangements for a suitable replacement, the CEO, Dr Philip Marshall has assumed the role of Acting Chairman.

Mrs Helena Wayte is serving as an interim Director.

#### SIGNIFICANT CHANGES IN STATE OF AFFAIRS

There have been no significant changes in the state of affairs of the Group during the financial year.

#### EVENTS ARISING SINCE THE END OF THE FINANCIAL YEAR

No matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Group, the results of those operations or the state of affairs of the Group in future financial years.

#### **DIRECTORS' REPORT**

#### LIKELY DEVELOPMENTS

Likely developments in the operations of the consolidated group and the expected results of those operations in future financial years have been discussed where appropriate in relation to the Group's medical research prospects in the Review of Operations contained in this report.

There are no further likely developments of which the Directors are aware which could be expected to affect the result of the Group's operations in future years.

#### **ENVIRONMENTAL LEGISLATION**

The Company's operations are not subject to any particular or significant environmental regulation under a law of the Commonwealth or of a State or Territory in Australia.

#### INDEMNIFYING OFFICER OR AUDITOR

The officers of the Group have foregone insurance for the period.

The Group has not otherwise, during or since the end of the financial year, except to the extent permitted by law, indemnified or agreed to indemnify any current or former officer or auditor of the Group against a liability incurred as such by an officer or auditor.

#### **PROCEEDINGS ON BEHALF OF COMPANY**

No person has applied to the Court under section 237 of the Corporations Act 2001 for leave to bring proceedings on behalf of the Company, or to intervene in any proceedings to which the Company is a party, for the purpose of taking responsibility on behalf of the Company for all or any part of those proceedings.

The company was not a party to any such proceedings during the year.

## UNISSUED SHARES UNDER OPTION

As at the date of this report, there were no unissued ordinary shares of Oncology Research International Limited under option.

No options were issued to Directors and key management personnel as remuneration during the year ended 30 June 2021 and to the date of this report.

## **DIRECTORS' MEETINGS**

The number of meetings of Directors held during the year and the number of meetings attended by each Director is as follows:

	Meetings Attended	Meetings Eligible to Attend
J G McVie	3	3
P A Marshall	4	4
K M Wayte	4	4
H J Wayte	1	1

#### **DIRECTORS' REPORT**

## AUDITOR'S INDEPENDENCE DECLARATION

A copy of the auditor's independence declaration as required under s307C of the Corporations Act 2011 is included on the following page of this financial report and forms part of this Directors' Report.

Signed in accordance with a resolution of the Board of Directors.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

## 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

#### Nature of operations

The principal activity of Oncology Research International Limited and its subsidiary (the Group) is medical research.

#### General Information and statement of compliance

The consolidated general purpose financial statements of the Group have been prepared in accordance with the requirements of the Corporations Act 2001, Australian Accounting Standards and other authoritative pronouncements of the Australian Accounting Standards Board. Compliance with Australian Accounting Standards results in full compliance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB.) Oncology Research International Limited is a for-profit entity for the purpose of preparing the financial statements.

Oncology Research International Limited is the Group's ultimate parent company. Oncology Research International Limited is an unlisted public company incorporated and domiciled in Australia. The registered office of the company is Level 5 45 St Georges Terrace Perth WA 6000. The principal place of business is 40 Redheart Road Carramar WA 6031.

The consolidated financial statements for the year ended 30 June 2021 (including comparatives) were approved and authorised for issue by the board of directors on 29<sup>th</sup> day of October 2021.

#### **Going Concern**

These financial statements have been prepared on a going concern basis which the Directors believe to be appropriate. The Directors are confident that the Group will be able to maintain sufficient levels of working capital to continue as a going concern and continue to pay its debts as and when they fall due.

For the year ended 30 June 2021, the Group incurred a loss before tax of \$50,683 (2020: \$99,448). For the year ended at 30 June 2021, the Group incurred net operating cash outflows of \$43,144 (2020: \$102,620).

The going concern of the Group is dependent upon it obtaining sufficient funds for its operations and commitments.

The company is continuing to seek funding to continue projects. This will enable ORIL to build value of its assets through further development of the technology, and the lead candidate ORIL019 towards the clinic. Should this Fund raising not be successful, the Directors continue to be focused on meeting the Group's business objectives and are mindful of the funding requirements to meet these objectives. The Directors consider the basis of going concern to be appropriate for the following reasons:

- There are no fixed contracts in place,
- There are no expenditure commitments,
- Expenditure of the Group is entirely discretionary, and
- The underlying prospects for the Group to raise funds.

During the year, the Group successfully raised \$50,000 (refer Note 9) through the issue of 260,000 fully paid ordinary shares. In addition, \$15,000 was raised (and recognised in relation to a share application in progress at balance date) for the issue of 150,000 ordinary shares.

The Directors continue to pursue the opportunity to raise further cash through equity raising and believe there is a reasonable basis to achieve this objective. The Directors are confident that the Group can continue as a going concern and as such are of the opinion that the financial report has been appropriately prepared on a going concern basis.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

## 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Going Concern (continued)**

Should the Group be unable to undertake the initiatives disclosed above, there is significant uncertainty which may cast doubt as to whether or not the Group will be able to continue as a going concern and whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial statements.

#### Adoption of New and Revised Australian Accounting Standards

In the year ended 30 June 2021, the Group has reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to its operations and effective for annual reporting periods beginning on or after 1 July 2020.

The Group has also reviewed all new Standards and Interpretations that have been issued but are not yet effective for the year ended 30 June 2021.

As a result of this review the directors have determined that there is no impact, material or otherwise, of the new and revised Standards and Interpretations on its business and therefore no change is necessary to the Group's accounting policies.

## **Accounting Policies**

## (a) Overall Considerations

The significant accounting policies that have been used in the preparation of these consolidated financial statements are summarised below.

The consolidated financial statements have been prepared under the historical cost convention.

#### b) Principles of Consolidation

The Group financial statements consolidate those of the parent company and its subsidiary drawn up to 30 June 2021. The Parent controls a subsidiary if it is exposed, or has rights, to variable returns from its involvement with the subsidiary and has the ability to affect those returns through its power over the subsidiary. All subsidiaries have a reporting date of 30 June.

All transactions and balances between Group companies are eliminated on consolidation, including unrealised gains and losses on transactions between Group companies.

As at reporting date, the assets and liabilities of the controlled entity have been incorporated into the consolidated financial statements as well as their results for the year then ended.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

# 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (b) Principles of Consolidation (continued)

All inter-group balances and transactions between entities in the consolidated group, including any unrealised profits or losses, have been eliminated on consolidation.

#### (c) Property, Plant and Equipment

#### Plant and equipment

Plant and equipment are measured on the cost basis.

#### Depreciation

The depreciable amount of all fixed assets is depreciated on a straight line basis over their useful lives to the consolidated group commencing from the time the asset is held ready for use.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Assets	Useful Life
Plant and equipment	5 to 10 years

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each reporting date.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the income statement

## (d) Income Tax

The income tax expense (income) for the year comprises current income tax expense (income) and deferred tax expense (income).

Current income tax expense charged to the profit or loss is the tax payable on taxable income calculated using the rates of tax enacted, or are substantially enacted, as at reporting date. Current tax liabilities (assets) are therefore measured at the amounts expected to be paid to (recovered from) the relevant taxation authority.

Deferred tax expense reflects movements in deferred tax asset and deferred tax liability balances during the year as well as unused tax losses.

Current and deferred income tax expense (income) is charged or credited directly to equity instead of the profit or loss when the tax relates to items that are charged or credited directly to equity.

Deferred tax assets and liabilities are ascertained based on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets also result where amounts have been fully expensed but future tax deductions are available. No deferred income tax will be recognised from the initial recognition of an asset or liability, excluding a business combination, where there is no effect on accounting or taxable profit or loss.

Deferred tax assets and liabilities are calculated at the tax rates that are expected to apply to the period when the asset is realised or liability is settled, based on tax rates enacted or substantially enacted at reporting date. Their measurement also reflects the manner in which management expects to recover or settle the carrying amount of the related asset or liability.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

## 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (d) Income Tax (continued)

Deferred tax assets relating to temporary differences and unused tax losses are recognised only to the extent that it is probable that future tax profit will be available against which the benefits of the deferred tax asset can be utilised.

The amount of benefits brought to account or which may be realised in the future is based on the assumption that no adverse change will occur in income tax legislation and the anticipation that the consolidated group will derive sufficient future assessable income to enable the benefit to be realised and comply with the conditions of deductibility imposed by the law.

Where temporary differences exist in relation to investments in subsidiaries, deferred tax assets and liabilities are not recognised where the timing of the reversal of the temporary difference can be controlled and it is not probable that the reversal will occur in the foreseeable future.

#### **Tax Consolidation**

Oncology Research International Limited and its wholly owned Australian subsidiary have formed an income tax consolidated group from 1 July 2003 under tax consolidation legislation. Oncology Research International Limited is responsible for recognising the current and deferred tax liabilities for the tax consolidated group.

## (e) Impairment of Non-Financial Assets

At each reporting date, the Group reviews the carrying value of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income statement.

Impairment testing is performed annually for intangible assets with indefinite lives.

Where it is not possible to estimate the recoverable amount of an individual asset, the group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

## (f) Intangibles

## **Research and Development**

Expenditure during the research phase of a project is recognised as an expense when incurred. Development costs are capitalised only when technical feasibility studies identify that the project will deliver future economic benefits and these benefits can be measured reliably. Development costs not meeting these criteria for capitalisation are expensed as incurred.

Developments costs have a finite life and are amortised on a systematic basis matched to the future economic benefits over the useful life of the project.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

## 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (g) Revenue

#### Interest

Interest revenue is reported on an accruals basis using the effective interest rate method, which, for floating rate financial assets, is the rate inherent in the instrument.

#### Government and other grants

Government and other grants are recognised when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with.

When the grant relates to an expense item, it is recognised as income over the periods necessary to match the grant on a systematic basis to the costs that it is intended to compensate. Grants are not credited directly to shareholders equity.

When the grant relates to an asset, the fair value is credited to deferred income and is released to the profit or loss over the expected useful life of the relevant asset by equal annual instalments.

All revenue is stated net of the amount of goods and services tax (GST).

#### (h) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the Statement of Financial Position are shown inclusive of GST.

Cash flows are presented in the cash flow statement on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

#### (i) Foreign Currency Transactions and Balances

#### Functional and presentation currency

The functional currency of each of the group's entities is measured using the currency of the primary economic environment in which it operates. The consolidated financial statements are presented in Australian dollars which is the parent entity's functional and presentation currency.

## Transactions

Foreign currency transactions are translated into functional currency using the exchange rates prevailing at the date of the transaction. Exchange rate differences arising on translation are recognised in the income statement.

## (j) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the Statement of Financial Position.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

## 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (k) Financial instruments

#### Recognition and derecognition

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted by transactions costs, except for those carried at fair value through profit or loss, which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities are described below.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and substantially all the risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

#### Classification and initial measurement of financial assets

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price in accordance with AASB 15, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

#### Subsequent measurement of financial assets

For the purpose of subsequent measurement, financial assets, other than those designated and effective as hedging instruments, are classified into the following four categories:

- financial assets at amortised cost
- financial assets at fair value through profit or loss (FVPL)
- debt instruments at fair value through other comprehensive income (FVOCI)
- equity instruments at fair value through other comprehensive income (FVOCI)

Classifications are determined by both:

- The entity's business model for managing the financial asset
- The contractual cash flow characteristics of the financial assets

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables which is presented within other expenses.

#### Financial assets at amortised cost

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding

After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

## 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## (k) Financial instruments (continued)

#### Impairment of financial assets

AASB 9's new impairment model use more forward looking information to recognize expected credit losses - the 'expected credit losses (ECL) model'. The application of the new impairment model depends on whether there has been a significant increase in credit risk.

The Group considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Stage 1') and
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Stage 2').

'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

'12-month expected credit losses' are recognised for the first category while 'lifetime expected credit losses' are recognised for the second category. Measurement of the expected credit losses is determined based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate.

The Group makes use of a simplified approach in accounting for trade and other receivables as well as contract assets. The Group does not track changes in credit risk, but instead recognises a loss allowance based on the expected lifetime credit losses at each reporting date.

The Group consider a financial asset to be in default when internal or external information indicates that it is unlikely to receive the outstanding contractual amounts in full. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

#### Classification and measurement of financial liabilities

Financial liabilities include trade and other payables.

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Group designated a financial liability at fair value through profit or loss.

Subsequently, financial liabilities are measured at amortised cost using the effective interest method.

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

## 1. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (I) Share-based payments

The Company provides benefits to key management personnel (including directors) and research contractors of the Company in the form of share-based payment transactions, whereby services are rendered in exchange for options over shares ('equity-settled transactions').

The fair value of the equity to which the key management personnel become entitled is measured at grant date and recognised as an expense over the vesting period, with a corresponding increase to an equity account.

#### (m) Comparative Figures

Where required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

<b>Ordinary shares</b> At the beginning of the reporting period Shares issued during the year At reporting date	<b>No.</b> 45,115,749 260,000 45,375,749	<b>No.</b> 43,955,749 1,160,000 45,115,749	

260,000 fully paid ordinary shares were issued as follows during the financial year to fund the operations of the company:-

- 60,000 fully paid ordinary shares at \$0.50 per share
- 200,000 fully paid ordinary shares at \$0.10 per share under a limited time offer which expired on 31 May 2021

Ordinary shares participate in dividends and the proceeds on winding up of the parent entity in proportion to the number of shares held.

At shareholders meetings each ordinary share is entitled to one vote when a poll is called, otherwise each shareholder has one vote on a show of hands.

#### Options

9.

At balance date, no share options existed which if exercised would result in the issue of fully paid ordinary shares.

No share options were issued to key management personnel during the financial year.

No share options expired during the financial year.

#### **Capital Management**

The Company's objectives when managing capital are to ensure the Group can fund its operating and continue as a going concern.

The Company monitors its working capital position against expenditure requirements to undertake its planned research and development program and maintain its ongoing operations. Where required the Company will issue new securities or modify its research and development program to ensure the Company's working capital requirements are met.

There have been no changes in the policy adopted by management to control the capital of the Company since the prior year.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

#### 10. RESERVES

#### **Option Reserve**

The Option Reserve is used to recognise fair value of options issued to key management personnel (including directors), their associates and research contractors. Details of the movement in reserves are shown on the face of the statement of changes in equity. No options were issued during the financial year.

#### 11. KEY MANAGEMENT PERSONNEL

#### **Compensation Practices**

No remuneration was paid to the key management personnel of the Group during the year (2020: Nil).

No directors fees were paid during the year (2020: Nil).

#### Other key management personnel transactions

Other transactions and balances with key management personnel are disclosed in Note 12.

## 12. RELATED PARTY TRANSACTIONS

#### Shares held by key management personnel

Director	Balance at start of year	Other changes	Held at the end of the reporting period
P A Marshall <sup>a</sup>	100,000	50,000	150,000
K M Wayte bc	3,622,542	-	3,622,542
H J Wayte °	31,500	-	31,500
	3,754,042	50,000	3,804,042

- a 150.000 ordinary shares are held in the name of Pharmchem Technical Services Pty Ltd an associated entity of P A Marshall.
- b K M Wayte holds 2,520,000 ordinary shares in his own name.
  27,292 ordinary shares are held in the name of Altnamus Pty Ltd an associated entity of K M Wayte.
  1,075,250 ordinary shares are held by close family members of K M Wayte.
- c H J Wayte holds 31,500 ordinary shares in her own name. H J Wayte is the spouse of K M Wayte and accordingly all shareholdings of K M Wayte and H J Wayte are related.

At 30 June 2021, trade and other payables (refer Note 8) include \$15,000 in relation to a share application in progress at balance date for the issue of 150,000 ordinary shares at \$0.10 to an entity related to a close family member of K M Wayte and H J Wayte.

#### Other transactions with key management personnel

Key management personnel and their associated entities were reimbursed for expenditure incurred in respect of the consolidated group totalling \$785 excluding GST (2020: \$4,728 excluding GST). The amount owed by the consolidated group in respect to reimbursements due at 30 June 2021 to key management personnel and their associated entities was \$26 excluding GST (2020: \$106).

Details of key management personnel compensation are disclosed separately in Note 11.

There were no share based payments existing at 30 June 2021.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

## 13. SEGMENT INFORMATION

The consolidated group operates predominantly in the medical research industry within Australia.

#### 14. SHARE – BASED PAYMENTS

There were no share based payments existing at 30 June 2021.

#### 15. INTEREST IN SUBSIDIARY

#### 18. FINANCIAL INSTRUMENTS

**Financial Risk Management** 

The group's financial instruments consist mainly of deposits with banks, accounts receivable and payable.

The group does not have any derivative instruments at 30 June 2021.

#### (a) Interest rate risk

Interest rate risk is where the value of a financial instrument will fluctuate due to changes in market interest rates.

Receivables and loans to and from related entities are interest free and therefore do not evidence interest rate risk.

The consolidated group's exposure to interest rate risk and the effective interest rates on financial assets and financial liabilities at the balance date is as follows:

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

#### 18. FINANCIAL INSTRUMENTS (continued)

Financial Instruments		Floating Non-interest Interest rate Bearing		Total carrying Amount as per the Statement of Financial Position		Weighted average Effective interest rate		
	2021	2020	2021	2020	2021	2020	2021	2020
(i) Financial assets								
Cash	38,679	16,823	-	-	38,679	16,823	0.01%	0.05%
Total financial assets	38,679	16,823	-	-	38,679	16,823	-	-
(ii) Financial								
liabilities								
Trade creditors &								
accruals	-	-	33,971	17,216	33,971	17,216	-	-
Total financial								
liabilities	-	-	33,971	17,216	33,971	17,216	-	-

#### Interest rate sensitivity

At 30 June 2021, if interest rates had changed by -100/+70 basis points from the year-end rates with all other variables held constant, post-tax profit for the year would have been \$1 lower/ \$128 higher (2020 – change of - 100/+70 bps: \$13 lower/ \$201 higher), mainly as a result of higher/lower interest income from cash and cash equivalents. Equity would have been \$1 lower/ \$128 higher (2020 – change of -100/+70 bps: \$13 lower/ \$10 higher), mainly as a result of higher (2020 – change of -100/+70 bps: \$13 lower/ \$10 higher), mainly as a result of an increase/decrease in the interest income from cash and cash equivalents.

## (b) Liquidity risk

Liquidity risk is the risk that the consolidated entity will not be able to meet its financial obligations as they fall due. The consolidated entity's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the consolidated entity's reputation.

The consolidated entity manages liquidity risks by maintaining adequate reserves by continuously monitoring forecast and actual cash flows.

The table below reflects the contractual maturities of financial liabilities, including estimated interest payments.

Cash flows realised from financial assets reflect management's expectation as to the timing of realisation. Actual timing may therefore differ from that disclosed.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

# 18. FINANCIAL INSTRUMENTS (continued)

## Financial liability and financial asset maturity analysis

30 June 2021	Carrying amount	6 months or less	6-12 months	1-2 years	2-5 years	More than 5 years
Financial assets liabilities due for payment						
Trade creditors and accruals	33,971	33,971	-	-	-	-
Financial assets – cash flows realisable						
Cash and cash equivalents	38,679	38,679	-	-	-	-
30 June 2020	Carrying amount	6 months or less	6-12 months	1-2 years	2-5 years	More than 5 years
30 June 2020 Financial assets liabilities due for payment				1-2 years	2-5 years	
Financial assets liabilities			months	1-2 years -	2-5 years -	
Financial assets liabilities due for payment	amount	less	months	1-2 years -	2-5 years -	

#### (c) Fair values

The aggregate net fair values of financial assets and financial liabilities at the reporting date, are as follows:

	Total carrying amount As per balance sheet		Aggregate Fair value	
	2021	2020	2021	2020
Financial assets				
Cash	38,679	16,823	38,679	16,823
Total financial assets	38,679	16,823	38,679	16,823
Financial liabilities				
Trade creditors & accruals	33,971	17,216	33,971	17,216
Total financial liabilities	33,971	17,216	33,971	17,216

The following methods and assumptions are used to determine the fair values of financial assets and liabilities.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2021

#### 18. FINANCIAL INSTRUMENTS (continued)

#### **Recognised financial instruments**

Cash: The carrying amount equals fair value because of their short-term to maturity. Trade receivables: Due to the short-term nature of the current receivables, their carrying amount is assumed to be the same as their fair value.

Trade creditors and accruals are unsecured and are usually paid within 30 days of recognition. The carrying amounts of trade and other payables are assumed to be the same as their fair values, due to their short-term nature.

#### (d) Credit risk exposures

The consolidated group's maximum exposures to credit risk at balance date in relation to each class of recognised financial assets, is the carrying amount of those assets as indicated in the balance sheet.

## 19. RECONCILIATION OF CASH FLOWS USED IN OPERATING ACTIVITIES

Details of the reconciliation of cash flows used in operating activities are as follows:

	Consolidated Group

## 21. EVENTS SUBSEQUENT TO REPORTING DATE

No matters or circumstances have arisen since the end of the financial year which significantly affect or may significantly affect the operations of the consolidated Group, the results of those operations or the state of affairs of the consolidated Group in subsequent financial years.

#### ONCOLOGY RESEARCH INTERNATIONAL LIMITED AND IT'S CONTROLLED ENTITY ABN 34 067 964 621

## **DIRECTORS' DECLARATION**

In the opinion of the directors of Oncology Research International Limited:

- 1. a) The consolidated financial statements and notes of Oncology Research International Limited, as set out on pages 8 to 27 are in accordance with the Corporations Act 2001, including:
  - i) giving a true and fair view of its financial position as at 30 June 2021 and of the performance for the year ended on that date; and
  - ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001; and
  - b) there are reasonable grounds to believe that Oncology Research International Limited will be able to pay its debts as and when they become due and payable.
- 2. The consolidated financial statements comply with International Financial Reporting Standards.

The company and a wholly owned subsidiary, Oncology Research Associates Pty Ltd, have entered into a deed of cross guarantee as described in Note 15 under which the company and its subsidiary guarantee the debts of each other.

At the date of this declaration there are reasonable grounds to believe that the companies which are party to the deed of cross guarantee will be able to meet any obligations or liabilities to which they are, or may become, subject to by virtue of the deed.

Signed in accordance with a resolution of the directors:

Director

P A Marshall

Director

K M Wayte

# **Independent Auditor's Report**

To the Members of Oncology Research International Ltd

# Report on the audit of the financial report

#### Opinion

We have audited the financial report of Oncology Research International Ltd (the Company) and its subsidiary (the Group), which comprises the consolidated statement of financial position as at 30 June 2021, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies, and the Directors' declaration.

In our opinion, the accompanying financial report of the Group is in accordance with the Corporations Act 2001, including:

- a giving a true and fair view of the Group's financial position as at 30 June 2021 and of its performance for the year ended on that date; and
- b complying with Australian Accounting Standards and the Corporations Regulations 2001.

#### **Basis for opinion**

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Material uncertainty related to going concern

We draw attention to Note 1 in the financial statements, which indicates that the Group incurred a net loss of \$50,683 during the year ended 30 June 2021, and the Group incurred net operating cash outflows of \$43,144. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

#### Information other than the financial report and auditor's report thereon

The Directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2021, but does not include the financial report and our auditor's report thereon.

Grant Thornton Audit Pty Ltd ACN 130 913 594 a subsidiary or related entity of Grant Thornton Australia Ltd ABN 41 127 556 389 www.grantthornton.com.au

'Grant Thomton' refers to the brand under which the Grant Thomton member firms provide assurance, tax and advisory services to their clients and/or refers to one or more member firms, as the context requires. Grant Thomton Australia Ltd is a member firm of Grant Thomton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. GTIL and each member firm is a separate legal entity. Services are delivered by the member firms. GTIL does not provide services to clients. GTIL and its member firms are not agents of, and do not obligate one another and are not liable for one another's acts or omissions. In the Australian context only, the use of the term 'Grant Thomton' may refer to Grant Thomton Australia Limited ABN 41 127 556 389 and its Australian subsidiaries and related entities. GTIL is not an Australian related entity to Grant Thomton Australia Limited.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of the Directors' for the financial report

The Directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001*. The Directors' responsibility also includes such internal control as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

#### Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: <u>http://www.auasb.gov.au/auditors\_responsibilities/ar3.pdf</u>. This description forms part of our auditor's report.
